Our insurance company has stated that the state of our outdoor basketball court could cause injury due to the uneven surface and cracks in the concrete. They stated we needed to replace the basketball court surface in order to maintain the safety of the students who play on the court. Dean Gray took pictures of the court when he visited the school.

**Project Category:** Surfaces

**Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school?** N

**Available Funding**

Available Funding Source	Amount
Current unencumbered building renewal fund balance (Fund 690):	\$613.82
Amount of Local funds planned for this project	\$0.00

Please outline any associated insurance coverage.

We have dedicated the \$613.82 towards the cost of rewiring the school and therefore do not have it available for this project. Additionally, some of our capital money is dedicated to building a teacherage for teachers because we are having difficulty recruiting and retaining teachers from outside of Gila Bend. We are in the process of getting proposals for the project.
